

# Caderninho feito com papel A4 dobrado

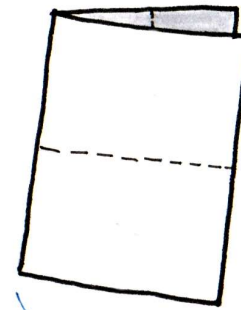

Uso livre para fins educacionais, créditos @karinakuschnir.wordpress.com

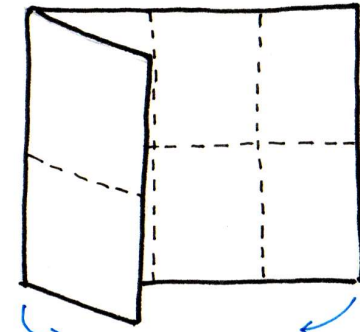

1. Dobre 1 folha A4 ao meio 2 x...

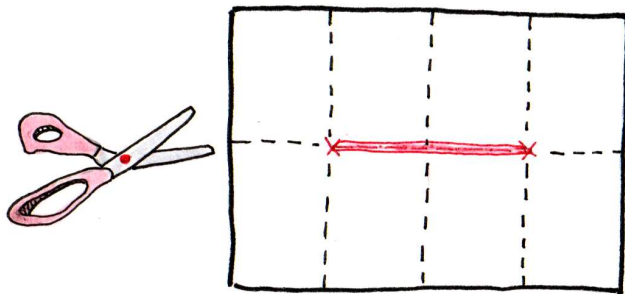

2. Na horizontal...

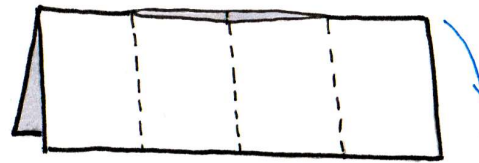

3. E na vertical...

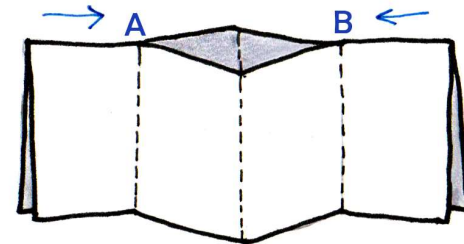

4. Depois abra e dobre novamente as metades até ficarem 8 retângulos

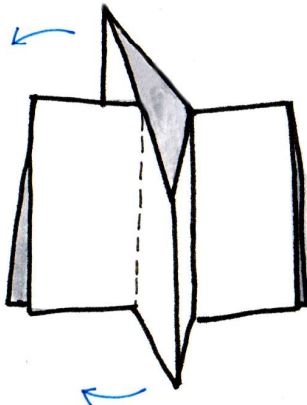

5. Corte a linha marcada em vermelho...

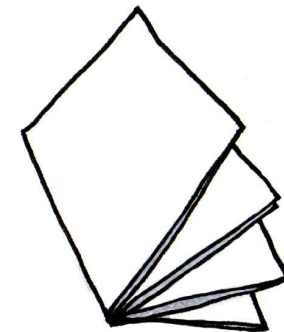

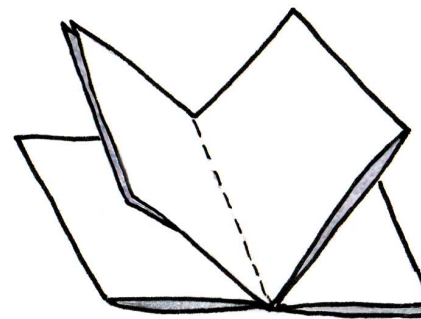

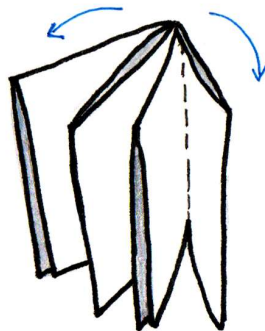

6. Dobre na horizontal...

7. Abra o vão cortado e junte A e B

8. Feche as páginas para formar um caderno

9. E está pronto: um caderninho de 8 páginas!
